

ALEX DOW

A'93, M'95, F'13, Member for Life

President, Detroit Edison Co.

1381

Elected Honorary Member of A.I.E.E. by unanimous vote of Board of Directors, meeting on May 24, 1937, and subsequent affirmative votes by mail from all absent members. (Constitution requires unanimous vote)

The following is quoted from the petition proposing his election as Honorary Member:

"Mr. Dow's responsible guidance has developed one of the great utility companies, which has, throughout this long period, been in the van of technical progress and which has maintained a high standard of service in the public interest."

Received Edison Medal for 1936 "for outstanding leadership in the development of the central station industry and its service to the public".

(See attached biographical sketch issued in connection with announcement of Edison Medal award. Attached)
