Dear Mr Hutchinson:

The application of Mr George W Elliott, Secretary of the National Committee on Gas and Electric Service, has just been placed upon the application book of the Engineers' Club, with myself as proposer. It will afford Mr Elliott and his supporters much pleasure to see this application receive your endorsement. I shall be glad if this can be done personally, but if not, it will be appreciated if you will be good enough to request the Secretary of the Committee on Applications to affix your name to the application, so that it can receive attention when the Committee resumes its work in the fall.

Thanking you in advance for this kind cooperation,

Yours truly,

Thomas Martin

Dear Mr Hutchinson:

On my return to town, I beg to acknowledge receipt of your esteemed favor of July 2nd with regard to the Engineers' Club application of our mutual friend and acquaintance, Mr George W Elliott, and thank you for your kind and cordial cooperation, which I know Mr Elliott himself will heartily appreciate.

It is needless to add that an application is greatly helped in receiving attention on the part of the Membership Committee by the number of endorsements it carries from men of character and weight in the Club and in the engineering profession.

With regards, believe me

Yours truly,

W. F. Wells
