May 23-1939

Mr H H Henline National Secretary
American Institute of Electrical Engineers
33 West 39th Street
New York N Y

Dear Mr Henline

On my return to the city I find your letter of May 15th notifying me of my enrollment as a Member for Life in the Institute. It is good to know that among the changes and chances of this mortal life there is one thing that now will remain fixed in spite of taxes and other "equalizing" processes.

I can't bring myself immediately to take advantage of the opportunity created, and so am sending forward under separate cover my check for \$20.00 covering the bill for dues rendered under date of May 1st. This process I hope to continue until superannuation overtakes me.

Sincerely

President

JCP-H

Dr. John G. Parker, President
American Institute of Electrical Engineers
4 Irving Place
New York, N.Y.

Dear Dr. Parker:

I am acknowledging with appreciation your letter of the 23rd regarding your enrollment as a Member for Life and your check for dues for the current fiscal year. A receipted statement is attached.

We have noted with keen interest and appreciation your decision to continue paying dues even though you are exempt from any responsibility in this particular matter.

I am sure that the superannuation which you mentioned is very far in the future, and that entirely aside from any consideration of dues your influence in guiding the destinies of the Institute during coming years will be highly beneficial to the organization and its members.

Very truly yours,

National Secretary
