Dear Sir:

A day or so ago I sent you a list of Charter Members as made up from the membership list as published in the Transactions, Volume VI. On checking over this list with some of our other records, however, I find that the published list did not show the names of either Mr. Elmer Sperry or Mr. H. S. Keith. Both of these men are Charter Members and should have been included. Perhaps you have already discovered this omission.

Very truly yours,

H. E. Farrer.
