Dear Sir:-

I wish to acknowledge your letter of April 4th, addressed to Mr. Metcalfe, who left today for Birmingham. As Mr. Creighton is handling the matters about which you inquire regarding the Pasadena Convention, I am forwarding your letter to him and he will be able to give you full information.

Yours very truly,

Assistant to Editor.

Dear Metcalfe:

I am very much interested in that article in the April Journal on a proposed rally of the "Pioneers" at the Pasadena Convention in October. Where can I get fuller details?

1. Does fare include parlor car? I guess not.

2. What are assumed to be the total rail expenses?

3. What the total expenses, roughly, per capita?

4. What is the date of the convention?

5. Total absence from home?

Also who or what is forstering the idea and does there seem to be much general interest in it?

I have a "date" to do some work for Byllesby and it might well suit my plans to get out there, even if I didn't go on a round trip; but that, of course, I would like to chip in on, if feasible and not too expensive.

With thanks in advance for any data,

Yours truly,

(Signed) T. C. Martin
