Mr. H. G. Stott,

600 West 59th St., New York.

Dear Mr. Stott:

A conference, between representatives of the Engineering Standards Committee of Great Britain, of the Standards Committee of the A.I.E.E., and of the U. S. National Committee of the I. E. C., looking towards co-operation between these committees, is to be held on Saturday, the 23rd of August, next, at 10:30 A.M., at the London office of the first-mentioned Committee, 28 Victoria Street, Westminster, S.W.

It is very desirable that the A.I.E.E. should have a strong representation at this conference, and I sincerely hope that you can arrange to attend it. You are requested to inform the Secretary, not later than August 8th, as to whether you will be present or not, so that our British colleagues may be advised of the number of American delegates to be expected.

Very truly yours,

President.
