

October 8, 2014

To whom it may concern:

In my capacity as Senior Director and Chief of Engineering, Japan Broadcasting Corporation (NHK), on behalf of NHK I grant permission for an IEEE Milestone Plaque to be erected at NHK Science and Technology Research Laboratories, Setagaya-ku, Tokyo, where the emergency warning code signal broadcasting system was developed.

Yours faithfully

A handwritten signature in black ink, appearing to read 'Yasuto Hamada', written in a cursive style.
