Region 4; R4; Central USA - Region 4

R40041 Twin Cities Section
OFFICE OF THE REGIONAL DIRECTOR
Peter A Rusche, PE

October 2, 1979

Mr. Paul F. Carroll

Re: ADJUSTMENT IN SECTION BOUNDARIES
TWIN CITIES SECTION - SIOUXLAND SECTION, REGION 4

Dear Paul:

On September 27, 1979, Chairmen of the above-named Sections and the Director of Region 4 met with faculty and students (attendance sheet attached) of South Dakota State University (SDSU). It was the consensus that service to the IEEE members of the growing SDSU Student Branch would be enhanced through affiliation with the Siouxland Section.

Since the majority of the IEEE members in Brookings and Kingsbury counties, South Dakota, are members or active in the SDSU Student Branch, it was recommended to transfer these counties from the Twin Cities to the Siouxland Section. This transfer will establish the first student branch in the Siouxland Section. Affiliation with the ECPD accredited EE curriculum at the regionally accredited South Dakota State University is expected to provide enhanced benefits to IEEE members in the Siouxland Section.

Hence, the undersigned petition the Regional Activities Board to approve the transfer of Brookings and Kingsbury counties, South Dakota, from the Twin Cities Section to the Siouxland Section; to direct the Staff-Director IEEE Field Services to make the necessary changes in the Institute records; and to endorse, in concept, applicable changes in the bylaws of the affected sections.

Requested September 27, 1979 by:

Edward J. Roman
Chm - Siouxland Section

Dr. Abraham Franck
Chm - Twin Cities Section

Recommended by:

Peter A. E. Rusche
Director, Region 4
September 27, 1979

Paul F. Carroll
VP Regional Activities
October 9, 1979

Approved by:

Regional Activities Board, December 7, 1979. Documented in the minutes of the same meeting.

Subject MAILGRAM - to Twin Cities Section A/C #4690821

Please send the following Mailgram:

Lowell Beihoffer

Dear Lowell:

The IEEE Board of Directors joins me in sending our heartiest congratulation to the Twin Cities Section on its 75th Anniversary. Formed on April 7, 1902 as the Minnesota Section, your record is one of which you can be justifiably proud.

The real background of all our efforts in the IEEE is the voluntary service of our members, including those in the Twin Cities Section, in carrying forth the whole spectrum of activities that we undertake. Personally, as a one-time resident of Minnesota and the Twin Cities Section, I am very familiar with the enthusiastic support given IEEE activities in your area.

We send to the officers and members of the Section our very best wishes for your continued success as you begin your 76th year, in expanding the preeminence of IEEE and the value of membership in the great territory served by the Twin Cities Section.

Sincerely,

Robert M. Saunders
President, IEEE
Miss Emily Sirjane

Dear Miss Sirjane:

This note is in response to your letter of 10-3-74 (attachment 1), which indicated concern over an item appearing in the October 1974 RADIATOR. The column written by Mr. Ed Harding on page 2 describes activities of the Paul Bunyan Chapter which is a part of a national organization called Electronic Representatives Association, (ERA).

The ERA has no affiliation with the IEEE-Twin Cities Section, hence the $500 referred to in paragraph 4, line 5 of Harding's column does not represent IEEE Section Funds. Your promptness in calling this matter to my attention is greatly appreciated. Rest assured, that the Twin Cities Section does not anticipate any activity in violation of "IEEE Statement of Policy #10.4.D".

Sincerely,

Charles R. Seashore
Chairman, Twin Cities Section
IEEE

cc: Lowell Beihoffer
Secretary, Twin Cities Section
October 3, 1974

Mr. Charles R. Seashore

Dear Mr. Seashore:

In the October 1974 issue of "The Radiator", we note from Mr. Harding's column that the Twin Cities Section has . . . "agreed to send $500 to the ERA headquarters to be used for public relations purposes."

We do not appear to find that the Section has requested permission to contribute this sum to ERA and we bring to your attention IEEE Statement of Policy #10.4.D. (copy enclosed) regarding contributions from Section funds.

Your early advice and further details in this regard will be appreciated.

Sincerely,

Emily Sirjane, Manager
Member & Field Services

ES:mi
FROM THE
PAUL BUNYAN
CORNER
By Ed Harding

Dick Brown of the C.H. Brown Company, an investment adviser, spoke to the members of the Paul Bunyan Chapter of Electronic Representatives at their regular meeting September 9 at the Normandy Motel.

Dick reported that he has a secret system for telling when the stock market has hit a peak — more or less — and another one for telling when it has hit a low. He feels that there is still room for it to go down a bit more, and so advised his listeners to put their idle cash into Treasury bonds for the time being. Bob Johnson plaintively asked what he thought of the future of real estate investment trusts, revealing that he had sunk his wad in them. Dick consoled — saying he had also committed economic Hari Kari in this same fashion. (I'm a member of the club too, Bob.)

Two prospective members attended the meeting — they were Don Lisell of Dalska Sales, and Chuck Melby of the C.K. Melby Company. Ed Melius reported on the June golf outing. It was agreed that there should be another one next year, though the possibility of moving to a larger course exists. We're getting a bit too successful for the size of the Lost Spur course.

Stan Olsen reported on the ERA meeting in Toronto as chapter delegate. Unfortunately, Stan was ill during the meeting and so had Clark Gibb take notes for him. It was agreed to send $500 to the ERA headquarters to be used for public relations purposes.

A mini show will be held at 3 M on November 14. Details are still to be worked out. Duane Little announced that the dinner costs for meetings has risen, and a review of the charges is being made. It was suggested that the chapter year run from September to September rather than the calendar year. A decision on this was deferred to a later meeting.

CHAIRMAN'S COLUMN
(Continued from Page 1)

Conclusions drawn from the survey are basically these: the "professional engineer," although he does exist, is a rare animal indeed. Engineering is considered by many to be a stepping stone into management — after all, cultivating managerial skills is more stable than keeping up with today's technology. Some engineers feel that engineering may be a dead end street for those men whose experience may have priced them out of the market. "Try not to appear overqualified," was the frequent piece of advice to the 20-year veteran.

One engineering executive stated that he regarded the first ten years of an engineering career as invaluable training and discipline. "You can look at engineering," he says, "as a beginning for anything you want to do." For example, he points out that for a disciplined engineering mind, there is no problem in learning the details of business or finance. The moral of this study is beware of the 20-year mark in your engineering career and be ready for a possible transition into other work areas.

SAVE THAT RUBBER BAND!

It has been reported that a serious rubber band shortage has hit the government. The General Services Administration, the government's housekeeping agency, reports that stocks of rubber bands may be exhausted soon. However, most Washington observers report that there is no shortage, repeat, no shortage of red tape in the government.
March 30, 1973

Mr. Alvin A. Read

Dear Al:

We have been active in setting in motion a multisociety committee for providing liaison with government and the news media to help solve some of the problems our profession is facing on the state and local level. We thought you might be interested in seeing what we are doing.

Also, enclosed is a copy of our letter to our members whose dues are delinquent. After the return forms come back, we will divide the remainder of the 300 names among our 30-man membership organization.

Sincerely,

J. M. Thorson, Jr., P. E.
Chairman

cc: Ordean Anderson
    H. P. Bruncke
    D. G. Pink
    Marvin Gahrhardt
    C. R. Seashore
March 26, 1973

Dear Fellow Member:

We've received word in the Twin Cities Section that your dues for 1973 have not been received at Headquarters as of March 1st. This means that your name will be removed from the mailing list and you will no longer received the publications. If you haven't sent your check, please do so now. Remember, you can send half now and half July 1, if you like.

In case you missed it, IEEE is changing! Our members indicated they want IEEE to be a viable force in both technical and professional activities. A U.S. Activities Committee has been established in Washington to make IEEE and its members views known to Congress and the Administration. Technological Assessment Committees are being formed nationally to counter some of the emotionalism on matters involving technology and our profession. We are establishing the multisociety Scientists and Engineers Technological Assessment Committee for the same purpose in our own area. We are also establishing a network for giving news media editors an opportunity to ask for a credibility review on news stories on technical matters. See the March and coming April "Radiators" for details.

IEEE has much to offer its members. It will take many men to volunteer their services to maintain our technical programs at their present high level, and to mount a effective professional activities programs. If you have not been involved and would like to participate in any of these activities, please let me know. Please also let me know if there are ways in which IEEE can serve you better. If you are dissatisfied, I would like to hear that, too! A reply sheet and envelope are enclosed to make it easy for you. I will appreciate hearing from you.

Sincerely,

John M. Thorson, Jr., P. E.
Chairman, Twin Cities Section

Gentlemen:

Some of the Presidents and Chairmen of various engineering societies in Minnesota, or their representatives, have been meeting informally discussing the organization of a group to provide liaison with the News Media, PCA and other Governmental units. We met again on March 1, and formed a plan of action. SETAC was born. A copy of our plan and the minutes of the March 1 meeting are enclosed.

We will meet again at the Normandy Hotel in Minneapolis, Thursday, April 12, 1973, at 6:00 PM. Dinner is $4.50 plus tip and tax. Free parking. Social hour 5:30 PM. We would like you to join us!

We are asking each Society to explain SETAC to its members or executive committee and then ratify participation in SETAC. We had hoped to have answers back by the April 12 meeting. Participation would include:

(1) A representative to work on SETAC and a committee to work with him.
(2) A vote on the operation of SETAC.
(3) Use of the Society name in SETAC work and inclusion of the Society name on the letterhead.
(4) Financial commitment ($10 a year for each Society plus more on a per member basis if needed).

It is our intention to obtain ratification of as many societies as would like to participate, then call a press conference to announce our formation and purposes. We would then meet with the heads of certain governmental agencies to discuss our relationship with them.

We would like a letter from your Society indicating your support and a check for $10 to help cover the committee expenses.

Present officers are:

Dean B. Kleinschmidt, P. E. CEC Co-Chairman
Charles W. Britzius, P. E. MSPE Co-Chairman
John M. Thorson, Jr., P. E. IEEE Secretary

Please return the attached form to me regarding the meeting and interest, mailing list, and your representative. If you want to continue to be on the SETAC mailing list, I must have the form returned to me.

Sincerely,

John M. Thorson, Jr., P. E.
Secretary

March 27, 1973
A meeting was held March 1, 1973 at the Normandy in Minneapolis to organize a committee to assure Governmental Groups and News Media have available and make use of proper technological assessments. Next meeting will be the Normandy, April 12 at 6:00 PM.

Those in attendance were:

- Charles Britzius, MSPE *
- Edward W. Johnson, MSPE *
- Dean Kleinschmidt, CEC *
- Earl Oxley, CEC *
- Jack Thorson, IEEE *
- Harry P Bruncke, IEEE *
- Robert Hoffman, ASCE *
- James Delano, ECM *
- John E Tushie, AIAA
- John Janssen, ASME
- W. A. Sternad, ISA
- Earl A Alton, ACS
- Lowell Randgaard, ASAE
- K. A. Linden, ASAE SAE
- Steven D. Harvey, ASP

*Societies ratifying participation in SETAC

The name "Scientists and Engineers Technological Assessment Committee" (SETAC) "Serving the Public, News Media and Government" was adopted. The detailed mission and mission methods were discussed and adopted. A copy is attached to these minutes.

It was agreed that each technical society in Minnesota should explain SETAC to their own Society and then pass a resolution to participate in SETAC.

Participation would include appointing a representative to work on SETAC and a committee to work with him, a vote on the operation of SETAC, the use of the Society name in SETAC work, inclusion of the Society name on the SETAC letterhead and a certain financial responsibility. It was felt that SETAC's major expenses would be mailing and duplicating and that $100 - $250 per year would cover the operating costs depending on the number of Societies involved. It was suggested that each society contribute $10 initially. If additional funding would be necessary then we would ask for contributions based on the number of members in the organization.

Respectfully submitted,

John M. Thorson, Jr., P. E.
Secretary

March 27, 1973
SETAC's purposes will be to:

1. Promote the use of scientific rather than adversary truth in matters before Governmental Groups relating to engineering and science.
2. Promote the system approach to the investigation of technical problems as related to society and to challenge all concerned to investigate and announce the side effects on alternatives proposed.
3. Assure proper technological assessment of matters before agency and legislative groups relating to engineering and science.
4. Obtain information on governmental hearings and meetings having scientific or engineering implication for the public and forward this information to the appropriate state technical society or societies for their review, comment, and position.
5. Establish a Technical Information Service to assist news media editors in maintaining accuracy in their reporting of matters relating to engineering and science.
6. Provide advisory assistance and service to any editor, program director, governmental or citizens group.
7. Arrange for comments and/or positions to be presented to Governmental Groups and/or the general public.

SETAC Mission Methods:

1. Set up organization to:
   A. Obtain meeting agenda, minutes, and reports of Governmental Groups.
   B. Distribute data to appropriate technical societies and hence to appropriate committees within the society for comment.
   C. Coordinate comment returns or presentation before Governmental Groups.
   D. Give Technical Information Service (TIS) for news media editors.
      1. Universal phone number (MPSE?)
      2. Names of technical society for rapid referral.
      3. Names of alternates.
      4. Each society also organize its own specialty groups if necessary.
2. Report back on progress April 12.
3. Lunch with King for his comments.
4. Notify Merritt, Anderson, -----------.
7. Setup personnel to monitor agencies -- MSPE, CEC, Execs.
8. Finance.
9. Recommend engineers to Governor for agency positions.

J. M. Thorson, Jr.

A meeting was held on February 1, 1973 at the Normandy Hotel in Minneapolis. Those present were:

A. J. Monti AIChe
J. E. Tushie AIAA
J. E. Garritson SPES
Walter Codell ASME
John Jansen ASME
A. W. Carpenter MESA
Robert Hoffman ASCE
Dean Kleinschmidt CEC/Minn
Charles Britzius MSPE

Guests:
Earl Oxley
Edward W. Johnson

The chairman apologized for the late meeting notice and for the incomplete mailing. This condition is being corrected.

The past history of the disagreement between the Pollution Control Agency and the engineers that led to the organization of the committee was discussed. It was agreed that the committee should be officially organized and that Jack Thorson and Charles Britzius should be Chairman and Secretary or vice-versa.

The objectives of the committee as outlined in the meeting notice were discussed. It was agreed that the committee might have to be more militant than indicated so another objective was added: #5 "Fairly represent the interest of the Public at Agency Meetings and Public Hearings." A number of items of disagreement with the PCA were discussed. One group related to their relation to consulting engineers concerning accepting plans from nonregistered engineers, slow plan review, vague guidelines for plan preparation, appeal procedures, etc. An opinion was expressed that the Director of PCA should be selected by the Agency and another that the Executive Director be an engineer within the State classified civil service.

The Chairman was requested to write the PCA Director telling him of the organization of the committee.

It was agreed that we would attend Agency meetings starting February 12, 1973.

After the meeting the temporary chairman met with Jack Thorson concerning acting as Chairman. It was agreed that Dean Kleinschmidt should be a member of the executive committee, and it was decided that Dean Kleinschmidt would be Chairman, Charles Britzius Vice Chairman, and Jack Thorson secretary.

Next meeting will be held on March 1, 1973 at the Normandy Hotel.
Dear Mr. Harrison:

We are pleased to advise that all concerned approved the establishment of the Communications/Acoustics, Speech and Signal Processing Chapter of the Twin Cities Section on December 26, 1979.

We are recording you as the Interim Chairman until an election has been held and the Chapter officers reported to IEEE. If we can assist in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this new Chapter.

Sincerely,

Patricia D. Lech
Staff Director, Field Services

Mr. Charles J. Marshall  
Regional Director, Region 5  
2112 Royalston Avenue  
Dayton 9, Ohio  

Dear Mr. Marshall:

Upon receipt of your letter of July 28, 1954 today, we reviewed,  
in detail, the membership status of the Twin Cities Section over  
the past few years. Since the information may be of interest to  
you, we enclose a copy of our findings.

In looking over the figures, we note a rather unusual change in  
membership in December 1952. Unfortunately, at this date, it is  
not possible to verify the December 1952 membership. I would be  
inclined, however, to agree with you that, through possibly a  
typographical error, the figure for December 1952 is about one  
hundred more than it should be.

Please let us know if we can supply any further information.

Sincerely yours,

ES: jr

Miss Emily Sirjane,
Institute of Radio Engineers
1 East 79th St.,
New York 21, N. Y.

Dear Miss Sirjane:

Some weeks ago while visiting the Twin Cities Section, the officers pointed out what appears to be a discrepancy between the membership figures as given in Table XXV of the Annual Report and those in the local records. The following chart depicts the situation:

<table>
<thead>
<tr>
<th>DATE</th>
<th>FROM TABLE XXV</th>
<th>TWIN CITIES SECTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dec. 1951</td>
<td>381-</td>
<td>not known</td>
</tr>
<tr>
<td>Dec. 52</td>
<td>559-</td>
<td>396 (106 students)</td>
</tr>
<tr>
<td>Dec. 53</td>
<td>439-</td>
<td>325plus (about 100</td>
</tr>
<tr>
<td></td>
<td></td>
<td>students)</td>
</tr>
<tr>
<td>Mar. 54</td>
<td>___</td>
<td>440 (114 students)</td>
</tr>
</tbody>
</table>

It is noted that Twin Cities Section figures show a small but steady rise, whereas, Table XXV shows a steep climb and fall which is somewhat disturbing. It appears that if the Dec. '52 figure was about 400 instead of 559 there would be reasonable agreement. I can think of no boundary change that might account for this apparent poor showing.

I would appreciate an investigation of this problem is this can be done at this late date.

Sincerely yours,

Charles J. Marshall
Director, Region 5
March 10, 1994

Mr. P. James Carr
CPI M/S E105

Dear Mr. Carr:

Congratulations! On behalf of IEEE General Manager John H. Powers, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Instrumentation and Measurement Society Chapter of the Twin Cities Section has been approved. The effective date of this Chapter formation is March 9, 1994.

At this time we are recording you as the Interim Chairman. When an election has been held, please use the enclosed Office Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this new Chapter.

Sincerely,

Melvin I. Olken

DS/kvr
We, the undersigned, do hereby petition the IEEE Twin Cities Section to establish a Microwave Theory and Techniques Chapter. The ever increasing business base and technical involvement in microwave/millimeter wave componentry and systems within the Twin Cities area has served as motivation for the requested Chapter organization. Honeywell and 3M are among the industrial leaders in this important technical discipline.

Piscataway, NJ 08854

Dear Kathleen;

This letter will officially notify you that the Twin Cities Section desires that the Communications Chapter and the Accoustics, Speech, and Signal Processing Chapter be considered a joint chapter and not as discrete chapters. This situation has been in operation for the last couple of years and apparently this official request has never been submitted.

The elected officials that fill the posts of Chairman, Vice-Chairman, Secretary, and Treasurer will be selected from either of the above chapters.

Sincerely,

Dick Rappel
Section Chairman

29 September 2005

Ms. Christina Carlson

Dear Ms. Carlson:

Congratulations! On behalf of the IEEE Regional Activities Vice President, Marc T. Apter, and IEEE Technical Activities Vice President, John Vig, it is a pleasure to inform you that the requirements of the RAB Operations Manual have been met, IEEE Twin Cities Section – Education Society Chapter has been formed. The effective date of this Chapter formation is 29 September 2005.

At this time, we are recording you as the Chapter Chair. When an election has been held, please report the name and member number of the new Chapter Chair to the IEEE using the online Officer Confirmation form at http://www.ieee.org/scsreports. Valuable information regarding IEEE Society Chapters can be found at www.ieee.org/chapters. If we can assist you in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

Cecelia Jankowski
Managing Director
Regional Activities

IEEE REGIONAL ACTIVITIES
Section/Chapter Support
445 Hoes Lane
Piscataway, New Jersey 08855

Greetings:

Please find enclosed a petition to re-instate a Power Electronic Chapter in the Twin Cities Section of IEEE. Thirteen active members of our Section and of the Power Electronics Society are on the two pages of the petition. Dave Shonts is the organizer and interim Chapter Chair. Tom Emmons will serve as interim vice chair and Mr. Gary Box as treasurer. Mr. Jim McLinn is assisting Mr. Shonts in organization.

The petition has also been approved by the Executive Committee of the Twin Cities Section and I have added my signature. Please review the enclosed at your earliest convenience. If you have any questions please do not hesitate to contact me.

Best regards,

[Signature]

Jon K. Moon, PhD
Chair, IEEE Twin Cities Section

Enc: Chapter petition, 2 pages
Petition for Formation of a Power Electronic Chapter PELS
as part of the Twin Cities section of IEEE

We the undersigned request that permission be granted from IEEE to form a Power Electronics chapter (PELS) in The Twin Cities, Minneapolis & St Paul Minnesota area.

We are all presently members of PELS at the national level.
