Dear Mr. Norris,

I have your letter of March 14th and bill of same date sent at my request for advance subscriptions to the 1927 annual Transactions \$2.00, and advance subscriptions to the quarterly Transactions, for the years 1928, 1929, 1930, 1931 and 1932 both inclusive, \$20.00, making total of \$22.00, for which I enclose my check herewith.

This is not as satisfactory as would be a much larger payment on a commutation basis, for the reason that in several other instances where I have made advance subscriptions, I have had to take as much trouble several years later to prove I made the subscription as was saved by the omission of annual bills.

Being out of the regular course of procedure, there are in some cases no means of making a memorandum dated ahead each year that prevents receipt of the regular bills that every other member gets, and proving that I have paid these bills is some times more trouble than paying them originally as they came in would have been.

*Jan 1928 Quarterly has been sent.*

*OK to file*

F. A. Norris, Esq.,  
Page Two,  
3-15-28.

Do your best for me to make such memoranda  
in advance that I won't have any bills to think  
about or to dispute until 1933.

With many thanks for your attention.

Sincerely yours,

*Gano Dunn*

P. S. Please receipt and return enclosed bill.

*Please let Mr Hutchinson  
see this letter G. D.*
