

IEEE publications bulletin

This Bulletin is the official announcement vehicle for IEEE publications, and information and educational services. Its purpose is to list as they become available all conference records, standards, special issues of Transactions and Journals, and other nonperiodic publications that may be purchased from IEEE Service Center.

Conference Publications

The publications listed below have become available since the last issue of this bulletin and, except as noted, were sent automatically to present subscribers to the appropriate option of the IEEE Open Order Plan Subscription (OOPS). For completeness, the listing includes special issues or sections of IEEE periodicals that are devoted to IEEE conferences, as well as Conference Publications in the strict sense. Out-of-stock items may be found in the Engineering Societies Library in New York City and in all libraries that subscribe to OOPS.

Changes in IEEE Periodicals for 1977

Schedule change: *IEEE Transactions on Professional Communication* has changed its publication schedule for 1977 only to the following months: June, September, November, December

Increased frequency of publication: *IEEE Transactions on Electrical Insulation* has changed from quarterly to bi-monthly: February, April, June, August, October, December; *IEEE Transactions on Software Engineering* has changed from quarterly to bi-monthly: January, March, May, July, September, November.

IEEE Journals on Microfilm comprise the world's major archive on modern electrical/electronics engineering.

IEEE Journals on Microfilm comprise an Information System that provides quick access—for viewing or printout—to the fundamental literature of modern electrical and electronics engineering. Both backfiles and updates are available on 16 mm or 35 mm positive or negative film, in cartridges or reels. All film is processed in accordance with archival standards as set by the National Bureau of Standards.

Backfiles: Date from 1884 through 1970 and include all periodicals of the IEEE's predecessor societies—The Institute of Radio Engineers and The American Institute of Electrical Engineers. Purchasers of the complete backfiles of all of the *IEEE Transactions*

(1951-1970) are entitled to sizable discounts on the sum of the individual *Transactions* prices.

Annual Updates: Include all IEEE periodicals published since January 1, 1971, on a yearly basis. Purchasers of all *IEEE Transactions* on microfilm for a single year receive sizable discounts under the total of the individual *Transactions* prices. They also receive a free copy of the annual combined INDEX TO IEEE PUBLICATIONS for that year.

Available in June, 1976: Microfilmed 1975 issues of all 38 IEEE periodicals.

Further Details: For complete details and price list, ask for catalog No. F-15 Rev. 1/76. Send your request to: IEEE Service Center, Microfilm Services, 445 Hoes Lane, Piscataway, N.J. 08854.
