MEMORANDUM DEC 28 1967

IEEE  
EDITORIAL DEPT.

Date December 28, 1967

To J. J. Anderson

From Donald G. Fink, General Manager

Subject: FILE PAPERS OF N. S. HIBSHMAN

You'll be interested to know that Nels Hibshman has just been made a member of the IEEE History Committee, and has accepted the assignment of writing a "History of the Merger." He has written me concerning the need for papers bearing on this subject and he notes that he left with you a copy of the contents of five boxes of papers which he placed in storage before he left for Florida. In one of these, Box #2, there is a binder labeled "Merger Papers." By copy of this memo to Bill Keyes I am asking that you two get together to locate this box and, if possible, the binder of merger papers. If you do find this, please send it to me so that I can review it before sending the contents on to Nels.

Many thanks.
