Dear Woody:

As per conversation, attached are copies of President Chase's message to the members about the resolution for consolidation which has been sent to our Sections and which we plan to publish in the December issue of ELECTRICAL ENGINEERING, together with the picture taken of President Haggerty and President Chase in Detroit.

If there should be any inaccuracies in the statements or the figures, would you be good enough to let me know promptly so that corrections can be made on the proofs?

With best regards, I am

Very truly yours,
