Dear Nelson:

I shall be delighted to provide you and Haraden what information I can with regard to the merger history of IRE and AIEE to form the present IEEE.

Why don't we arrange to have a long talk on the subject during the forthcoming Convention? I can be contacted at Convention Headquarters where I will be concerned with the activities of the International Reception Committee. Perhaps you, Haraden and I could discuss this at length some morning at breakfast.

The tentative outline enclosed in your letter seems to cover the situation adequately.

Looking forward to meeting with you at the Convention

Sincerely

Ronald
