Rev. Pope, Esq
American Institute of Electrical Engineers
New York

Dear Mr. Pope:

I see that I have let my
subscriptions to the A. I. E. E. run out. Illness &
other causes of a purely domestic kind thrust all my
correspondence into arrears last autumn: so I hope
that there may be no difficulty in now picking up continuity.
I send you \$40 in U.S. notes, so that I shall be
in credit for more than 12 months to come.

Believe me

Yours most truly

Wm. B. Thompson
