Mr. W. H. Chase
President, AIEE

Proposal For Merger of AIEE and IRE

Dear President Chase:

I seriously question the wisdom of proceeding with the plans for the merger of AIEE and IRE, until honest and well-founded objections - of which certainly you are aware of - have been carefully considered and given the due attention.

In my extensive travels from Oregon to Massachusetts and down south, now in the Midwest, - I have found an unbelievably large number of top-standing members who are not in favor of a "rapidly executed merger" such as apparently many feel seems to be the intent in some quarters. More time is needed to clear up the issues! Sincerely yours,
P. L. Bellaschi
Fellow AIEE
