Regional Meeting

Ladies' Entertainment

Special plans have been made for the entertainment of ladies. The schedule of ladies' events is shown elsewhere in the announcement.

Reduced Railroad Rates

Reduced railroad rates under the certificate plan will be available to those who attend the meeting. Under this plan each person who travels by train to Cincinnati should obtain a certificate from his local ticket agent when purchasing his ticket to Cincinnati. The certificate must be deposited at the registration desk for validation. If 150 certificates are deposited they will be validated and returned to their owners who will then be entitled to obtain return tickets at one-half the regular rates, provided the return route is the same as the route used in coming to Cincinnati.

Local ticket agents should be consulted regarding the dates on which certificates may be obtained and used.

Everyone should get a certificate with his ticket to Cincinnati. Even if he does not intend to use it, the certificate will help others get the reduction in fare, which may amount to considerable saving for those coming from distant places. For the convenience of members a printed form is enclosed with this announcement. It may save time to present this form to ticket agents when buying tickets.

Register in Advance

By registering in advance by mail, members will help the local committees in making plans. The attached registration card may be used for this purpose.

At the meeting a registration fee of one dollar will be charged. Students will be exempt from this fee.

Hotel Reservations

Those desiring hotel reservations should communicate in advance with the hotel management. Reduced rates for those attending the meeting have been offered by the Hotel Gibson. These rates are \$3.00, \$3.50, \$4.00 and up per room, all rooms having bath.

City Transportation

Posters will be located in the various depots giving information concerning street car routes. The Eureka Auto Storage Company at 121 E. Third St. has been appointed official garage and will offer a special storage rate to members. Zumstein-Town Taxis are the official cabs.
