

IEEE Geographic Unit Organizing Document - Saudi Arabia

The Beginning:

The Saudi Arabia Section of IEEE was established on May 04, 1981, and through the past years has grown in to a forum with over 1200 members. The Section celebrated its Silver Jubilee in 2006.

2010 Organizational Set up:

As of 2010 December, the Section has seven (7) Society Chapters and several sub-entities like the KFUPM Student Chapter, KKU Student Chapter, Jubail Industrial College Student Chapter, two Sub-Sections in Jubail and Riyadh, a GOLD (Graduates Of the Last Decade) Group, Industrial Relations (IRO), Women In Engineering and a Standards Group.

Major Events:

Several Technical Meetings, Tutorial Seminars and Conferences are organized by the Section, its sub-entities, and partner Organizations. The major events are the IEEE-GCC Conference (<http://ieeegcc.org>) and the Saudi TEM (<http://www.sauditem.com>). The IEEE-GCC Conference was pioneered by the Section in 2004 and has become a key IEEE event and collaboration platform in the Gulf Cooperation Region. In December 2010, the Section organized the first ever IEEE-Energy Conference & Exhibition in collaboration with Region-8 and the King Fahd University of Petroleum and Minerals.
