

- = Hamburger says AIEE Instrumentation already assigning to discuss with IRE counterpart what is best approach for IEE organization
- = Abraham thinks <sup>or</sup> Communication Div should be included
- = Schall - OK but wants to include Res space Application
- = Bob Moore - OK for Industry Div
- = Chuck Woodson thinks Power is OK - but not interested in including "Energy" in Power Div

5. 30. 320

Clash suggests 1 div for "Control, Computers, and Instrumentation"  
 Harder against pooling computers with Control & Instrumentation  
 ACM Assoc for Computing Machinery (11,000 members) might take over  
 Harder suggests possibly Information Processing Div would include all sub-com.  
 share of computers in control is small.

= Should be a division to represent every large segment of the membership of IEE.

= Administrative and coordinating division

Parent AIEE  
 SHE Div  
 AIEE Electronics Com should be science aspect of electronics

Materials - only electrical found  
 Some devices - magnetic amplifier;  
 Electron tubes, transformer  
 Solid state devices
