F. B. CROCKER, PROFESSOR
G. F. SEVER, PROFESSOR
M. ARENDT, LECTURER

April 30, 1908.

Henry G. Stott, Esq.,
President, American Institute of Electrical Engineers,
600 West 59th Street,
New York, N. Y.

Dear Sir:-

I have your letter of April 28th containing your request to have a photograph taken and forwarded to Secretary Pope to be hung in the rooms of the American Institute of Electrical Engineers. I shall be glad to comply with your request and shall endeavor to do so in the near future. The idea is a very good one and in a comparatively few years it would be difficult or impossible to carry out.

Yours very truly,

Francis B. Crocker.

Dr. Francis B. Crocker,
Columbia University,
New York City.

Dear Sir:

A few days ago we received from Mr. Pirie MacDonald, a framed photograph which you had directed him to deliver to the Institute.

We have added this photograph to our collection of portraits of past-presidents of the Institute, and we take this opportunity of thanking you on behalf of the Institute for this gift.

Very truly yours,

Assistant Secretary.
