Dear Mr. Hatchinson,

I expect to attend the meetings next week, & expect to have some conferences with various parties, probably at meal times. Could I in such cases take meals at the near-by Engineers' Club, even tho I am not a member? I do not ask for any checking privilege but am willing to pay cash. It is merely a matter of convenience & because I am not familiar with the restaurants in the neighborhood. Secy Struthus knows

me personally.

Yours truly
 Carl Hering

Dear Dr. Hering:-

In accordance with your letter of February 8, I have arranged with the Engineers' Club that a guest card will be available for you. All that is necessary for you to do is to apply at the clerk's desk at the Club any time next week.

Very truly yours

Secretary
