Mr. H. H. Henline, Secretary
American Institute of Electrical Engineers
33 West 39th Street
New York City, New York

Dear Mr. Henline:

I have been asked to present Mr. Gano Dunn for the honorary degree of Doctor of Engineering at the Lehigh University commencement exercises on May 18. I would greatly appreciate it if you would send me the bibliographical references to Mr. Dunn which have appeared in the A.I.E.E. and Electrical Engineering from time to time. I believe that he was presented the Edison Medal at one time, and that considerable data on him must be available in connection with it.

Professor L. V. Bewley
Lehigh University
Bethlehem, Pa.

Dear Professor Bewley:

Replying to your letter of the 8th, we are enclosing a clipping from ELECTRICAL ENGINEERING for January 1938, containing a comprehensive statement regarding Dr. Gano Dunn prepared in connection with the award of the Edison Medal to him. We are enclosing also brief statements from ELECTRICAL ENGINEERING for April and November 1939, January, April, May, and September 1940.

Very truly yours,

National Secretary

New York 18

Dear Miss Schwartz:

returned 8-20-45

According to promise, I enclose herewith a glossy print of my latest photograph, which I shall be pleased if you will cause to be returned when you have finished with it, as you indicated over the telephone was possible.

You asked for items of professional career since 1942, which is the first year after my war service and implies that you already have that record. In case you have not, however, I give it below.

- 1940 Office of Production Management, Senior Consultant on Power
- 1941 Office of Production Management, Special Consultant on Capacity of the Steel Industry
- 1943 Honorary President, Pan American Society
- 1944 President, Phi Beta Kappa Associates
- Member, Governor Dewey's Committee on Technical Industrial Development
- Honorary Member, American Society of Mechanical Engineers

1945 Chairman Executive Committee of The Pilgrims
Chairman, American Executive Committee of the
World Power Conference
Overseas Representative for the U.S.A., Insti-
tution of Electrical Engineers of Great Britain
Honorary Member, American Institute of Electrical
Engineers

If there is anything more I can do to assist
you, please let me know.

Sincerely yours,

Gano Dunn

Gano Dunn.
