June 18, 1928

Mr. Walter E. Hering  
116 North 12th Street  
Philadelphia, Pa.

Dear Mr. Hering:-

At the meeting of our Board of Directors held May 21, the following memorial minute to Dr. Carl Hering, who, as you know, was one of the past presidents of our Institute, was adopted:

"In the death of Dr. Carl Hering, on May 10th, a distinguished member has been removed from the ranks of the A.I.E.E. pioneers. From eighteen eighty-eight, when he affiliated with the Institute, down through his years of faithful and able service as a committeeman, and as President in 1900 and 1901, Dr. Hering firmly stood for the maintenance of Institute ideals. It is with a sense of the great loss sustained that the Board of Directors hereby extends to his family and associates its sincere sympathy, and orders this minute spread upon the records."

This information would have been transmitted to you earlier, but I did not obtain your address until this morning, after writing to Mr. Billin, Secretary of the Engineers' Club of Philadelphia.

Very truly yours

National Secretary

FLB H
