Mr. R. W. Pope,  
Acting Secretary, A. I. E. E.,  
33 West 39th Street, N. Y. City.

Dear Mr. Pope:-

Representing a committee of members of the Institute who are working for the nomination and election of Mr. C. O. Mailloux as President of the Institute, I beg to ask whether we can have a circular letter addressed on the Institute addressograph to all the members who reside in the United States and Canada.

The circular would be enclosed and sealed in a stamped envelope, when delivered to you, and we will, of course, be glad to pay for any reasonable charge that you may decide should be made for the services of the man, and also for the use of the machine.

Will you kindly let me know at the earliest possible moment whether we can be accorded this privilege, in order that we may make arrangements? The circular letter, in all probability, would be ready for the addressograph by Saturday morning of this week.

I might add that we have a list of 40 or 50 of our most prominent members of the Institute, who are backing Mr. Mailloux's candidacy.

Outside of the fact that the work can, of course, be done more efficiently by the Institute force and machine than it can elsewhere, I do not know of any other means of obtaining the correct addresses of the members of the Institute.

Yours very truly,

H. G. Stott
