Dear Nelson:

Thank you for your letter of August 27, and it was good to hear from you.

I've just talked with Dick Teare. He says your request has been on his mind, but it is a tough job, and he simply has not yet had the time to do it. But he'll try to get something to you just as soon as he can. Actually, I have a hunch if you would send along any specific questions you have in mind, it might help to prime the pump and make Dick's job easier.

Kindest personal regards, Nels; and I hope you and yours are well and happy.

Sincerely,

*Blackie*  
Hendley Blackmon
