To the Members of the
PDR Department

Gentlemen:

We are receiving urgent requests for our Department to formulate recommendations for essentially continuing our departmental organization into the new IEEE. I believe you all favor such a move. The attached draft I propose to forward to the 14-man merger committee, pending your approval.

Since a decision is urgent I would like to have your response by return mail if possible. As soon as a majority approval is received I will forward the draft (amended as needed, according to cogent comments that may be received) to the 14-man committee or President Chase, whichever seems expedient.

Very truly yours,

B.G.A. Skrotzki
