ELECTRICAL ENGINEERING DEPARTMENT.

MASSACHUSETTS
INSTITUTE OF TECHNOLOGY.

BOSTON, May 2nd, 1907.

Mr. Ralph W. Pope,
New York City.

My dear Mr. Pope:-

I beg to acknowledge your circular letter of April 24th accompanied by various high tension transmission papers. I will try to get time to study these papers and write some discussion of one or more of them although it is difficult to be sure that I can do so.

Respectfully yours,

Dugald C. Jackson

I am sending you a copy of our Chicago Telephone Report, which you may be interested in as it is a quite thorough document on the subject of the manner of telephone charges.

Mr. Ralph W. Pope,
Secretary,

33 West 39th St., City.

Dear Mr. Pope,

Replying to yours of the 24th, in reference to a request for contribution to the discussion of the High Tension Transmission Committee's papers, to be read at Chicago on May 24th, I would state that I will be unable to attend this meeting, and therefore will not have anything to contribute to these discussions.

Yours very truly,

H. G. Stott

Cannot attend High Tension Trans. mtg. in Chicago
