June 29th, 1904.

Foreign Guests.

Mr. George Westinghouse,  
W. E. & M. Co.,  
Pittsburg, Pa.

Dear Mr. Westinghouse:-

I have your letter of June 23rd, in which you intimate that it will be difficult for you to give any personal attention to our foreign guests.

This is well understood; but from the fact that representatives of the various Westinghouse companies will take part in giving proper attention to our visitors, I am quite sure that President Arnold will feel that everything possible will be done for their comfort.

Yours truly,

Secretary.
