Dear Miss Sirjane:

The Lancaster Sub-section would like to know what portion of the Philadelphia Section membership is in their area. In short, they would like to have a separate mailing list. Mr. C. R. Kraus, Section Secretary, will contact you regarding this.

Meanwhile, until something can be arranged, they would like to receive a copy of all new-member cards in order to check them to see if they are in their area. The interested man in Lancaster is:

M. B. Lameshka
RCA Victor
New Holland Avenue
Lancaster, Pennsylvania.

We would appreciate it very much if this could be arranged.

Very truly yours,

C. W. Wittenburg

SUBJECT Proposed Reading Subsection of the Philadelphia Section

Attached is a petition requesting approval of the formation of a Subsection of the Philadelphia Section, to be known as the Reading Subsection, to include the County of Berks in the State of Pennsylvania.

The petition has been checked and found to contain more than the required number of signatures of IRE members above Student grade with mailing addresses in the territory of the proposed Subsection.

The petition has been approved by the Philadelphia Section Executive Committee.

Approval of IRE is requested, subject to approval by the Regional Director of Region 3, Mr. Ralph I. Cole.

Dr. George W. Bailey
Executive Secretary
The Institute of Radio Engineers
1 East 79th Street
New York 21, N. Y.

Dear Dr. Bailey:

The purpose of this letter is to advise you of the formal action taken concerning the proposed subsection at Reading, Pennsylvania.

Attached is a Petition signed by 41 members of the Reading area, for subsection status of the Philadelphia Section IRE. The subsection territory has been discussed with the Lancaster and the Lehigh Valley Subsections, with agreement that the proposed subsection was not an infringement on the established subsection territory and membership.

At the December Executive Committee meeting of the Philadelphia Section, IRE, it was moved that "the petition for subsection status be approved by the Executive Committee and sent to the National Executive Committee of the Institute, for its approval." The motion was unanimously carried.

The Philadelphia Section is holding its January Section Meeting in Reading on January 21. A formal organizational meeting for the Reading Subsection is scheduled for February 18.

The Philadelphia Section is happy to request approval of the National Executive Committee of the Reading petition for subsection status.

Very truly yours,

L. H. Good
Secretary

Attention: Miss Emily Sirjane

Dear Miss Sirjane:

Inasmuch as the Reading Sub-section got its feet off the ground earlier this month, we are proceeding with plans for monthly meetings based on the assumption that the Charter will be forthcoming shortly and as such have scheduled a business meeting for February 18. In this connection, could I impose upon you to furnish me with the following:

1. Two sets of membership data on 3" x 5" file cards.
2. A set of membership labels for our envelopes.
3. Sub-section kit, which kit may have already been requested by the Philadelphia Section Chairman.

In connection with the last item, we have perused the I.R.E. constitution and by-laws and from them cannot determine exactly whether, in writing Sub-section checks, two signatures are required, and if so, whose. There is a question in our minds also as to whether an annual audit and treasurer bonding is necessary. Finally, just who are allowed to vote in Sub-section elections and other matters and who are allowed to hold any offices is not clear.

I would appreciate receipt of the above items and information at your earliest convenience and hope that you can find it possible to have them in my hands prior to February 18.

Very truly yours,

William I. Huyett
Acting Secretary

Dear Miss Sirjane:

We have just about completed all formalities for the establishment of the Reading Subsection and would appreciate your forwarding to Mr. Frank L. Rose, Temporary Chairman, at Gilbert Associates, Inc., 525 Lancaster Avenue, Reading, Pa., a copy of the IRE By-laws and Constitution, stationery, attendance cards, and all other material necessary for the operation of a Subsection.

It would be of value also if you would forward him a strip list of this Subsection as well as information on the services provided by your office in connection with mailings.

We continue to appreciate your assistance in making our year here in Philadelphia a successful one.

Mr. William I. Huyett

Wyomissing, Pa.

Dear Mr. Huyett:

We have your letter of January 31, concerning the activities of the proposed Reading Subsection, which is expected to be approved at the next meeting of the IRE Executive Committee on February 10.

As soon as this approval has been obtained, we will be glad to send to you (1) two sets of cards addressed to the Subsection membership and (2) one set of labels similarly addressed. Incidentally, we could send you addressed envelopes, in lieu of labels, if these are more convenient to you.

We are forwarding to you separately a copy of Part I of the IRE Section Manual. I believe you will find most of the answers to your questions on page 20.

It is up to the Executive Committee of the Subsection to determine (1) whether one or two signatures are required on the Subsection checks and (2) whether bonding of Treasurer is necessary. From our observations of other Subsection operations, only one signature is generally required on checks, and bonding of the Treasurer has not been found necessary.

Would you kindly clarify item (3) of your letter so that we may supply it to you, if available?

Sincerely,

Emily Sirjane
Office Manager

The Addressograph Department is requested to identify the plates of the membership in these proposed IEEE Sections as "IRE members in the proposed IEEE Southern New Jersey, Susquehanna, Lehigh Valley or Baltimore Sections" accordingly and arrange the plates in proper alphabetical order by name of Section, IEEE Region II, within the IRE membership file.

The Addressograph Department will note that the IEEE Philadelphia Section will encompass all of the territory currently assigned to the existing AIEEE Philadelphia Section with the exception of the following:

Counties, New Jersey: Mercer
Ocean

The AIEEE membership located in the Counties of Mercer and Ocean in the State of New Jersey are to be assigned to the Proposed IEEE Princeton Section and should be identified as "AIEEE members of the proposed IEEE Princeton Section" with the plates filed alphabetically by Section in IEEE REGION I, within the AIEEE membership file.

NOTE: No changes should be made in the IRE membership file as far as the Ocean and Mercer Counties are concerned at this time, since Ocean County is currently assigned to the IRE Monmouth Subsection of the New York Section, and Mercer County is currently assigned to the Princeton Section.

NOTE: The County of Ocean is currently assigned to the Monmouth Subsection of the IRE New York Section, and the County of Mercer is currently assigned to the IRE Princeton Section.

Question? Is it possible to create the IEEE Philadelphia Section as requested (IRE and AIEE) without simultaneously creating the other IEEE Sections as follows:

- Southern New Jersey
- Lehigh Valley
- Susquehanna
- Baltimore
- Delaware Bay (already created as an IEEE Section)

Do we need a map outlining the Section boundaries of the Sections concerned other than Philadelphia in order to create the IEEE Philadelphia Section? Should we not advise Dr. Hamberger, Regional Director of Region II in this matter? If we can proceed to set up the IEEE Philadelphia Section, do we not need Mr. Fink's approval?

RE: Affinity Groups

As you know, IEEE provided for the establishment of Affinity Groups within the RAB structure, in 1998. As the sponsor of several consultants’ networks that currently exist in the Sections and Councils of IEEE, the Chair of the Coordinating Committee of the Alliance of IEEE Consultants’ Networks contacted the networks in December for the information that is needed to establish them as Affinity Groups. I am including the information received thus far. Some were not able to provide total information (mainly member numbers) within the short time frame stipulated. Therefore, one should not assume that people listed are not members if no member numbers are shown. We expect more information to trickle in this month.

Please let me know if there is any further information needed about these groups.
