

NYB proposal  
10/10/62

Suggested Recommendations for Consideration of 9-Man Committee:

- 1 - Merger of an IRE PG and AIEE TC shall be based on a mutual desire to consolidate and expressed via a voluntary joint written statement.
- 2 - Strongly encourage all IRE PGs and AIEE TCs to actively explore informally among themselves likely areas for merger, and recommend means for implementing immediately after 1/1/63.
- 3 - In planning for merged operation, IRE PGs and AIEE TCs should work towards utilizing both sets of officers.
- 4 - Present IRE PG committee and AIEE TOD should offer names for minimum number of common Divisions for logically grouping the total technology of IEEE. relate
- 5 - Each present IRE PG and AIEE TC that do not merge should continue as at present as long as they fulfill a useful function within IEEE.
