Dear Haraden:

I have your letter of January 24 and will be asking Reed Crone to follow through in looking over the Board minutes of AIEE, IRE and IEEE. I also have talked with Chuck Savage concerning the material produced by Clarence Linder prior to the merger. Chuck said that Nelson Hibshman had been in touch with him about this and that he (Chuck) had spent two days going through his files, had collected an enormous mass of material and had shipped it all on to Nelson. Included in this was the article you referred to by Linder in the last paragraph of your letter.

I'm not sure we can get the other references you are looking for, but we will make a good hard stab at it.

Best regards,

Donald G. Fink
General Manager
